Re: Sciencestock – Sunday, May 31st, 2026

Dear Friends and Supporters,

On behalf of the Board of Trustees and the 2026 Sciencestock Planning Committee at the Science Museum of Long Island (SMLI), we are happy to announce that Sciencestock will return for its third year on Sunday, May 31st from 1pm-6pm. As in the past, Sciencestock is envisioned as a collaborative, community-centered celebration of scientific wonder and learning for all ages. Set against the beautiful backdrop of the preserve, the event will bring together like-minded organizations to offer engaging, hands-on activities alongside music, food and opportunities for families and individuals to explore science in fun, meaningful ways.

This year's Sciencestock holds a special significance for SMLI. In addition to the event programming, it will be the first public event showcasing SMLI's anticipated new logo. We see this year as a turning point. An opportunity to more firmly establish SMLI's presence within the community and to share a clear, shared vision for the future with our partners and supporters.

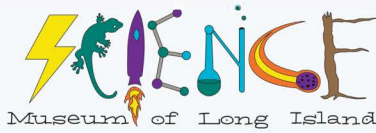

As we step into this new chapter, we invite you to support this event's success as a sponsor of this event. Past generosity of people and businesses like yours has been vital to the success of all our past events, highlighting SMLI's mission towards fostering a shared passion for science, the natural world, and the importance of community engagement.

Enclosed, please find detailed information on our sponsorship levels and associated benefits. We look forward to exploring how our collaboration can drive meaningful change while delivering an unforgettable experience. Please feel free to reach out with any questions or to discuss further.

Best,

Caitlin Orellana

Caitlin Orellana
Interim Executive Director – SMLI

SCIENCESTOCK

**SUNDAY
MAY 31ST
1PM-6PM**
